Be part of a world-class adventure

Gothenburg Stopover 14-21 June

The Volvo Ocean Race is the world's toughest round-the-world boat race and the ultimate test of a team in a professional sport. During 8 months the sailors will travel 45,000 nautical miles around the planet and visit 11 host cities. In June 2018 we welcome them to Gothenburg.

In the very heart of the city

With the sea stretching right into the heart of Gothenburg, this is the perfect place to experience the Volvo Ocean Race. The city and its archipelago offer great opportunities for spectators as the excitement builds for the penultimate leg finish, In-Port Race and the start of the final leg to The Hauge.

Everyone is invited to the party

The week-long party will continue in the Race Village in Frihamnen, where the Volvo Ocean 65 boats will be berth. There will be something here for everyone: stage entertainment, exhibitions, restaurants, bars, a large market place and opportunities to try out various activities. The Race Village will be open every day from 14 to 21 June, with free admission. Welcome to enjoy the party!

This is the 13th edition of the Volvo Ocean Race, and it is the fourth time the Race visits Gothenburg. During 2017-2018 the Race focuses on sustainability and ocean health, which will be reflected in the Gothenburg Race Village.
